

**TOSHIBA**

Wired Stereo Earphone RZE-D81E

SKU: RZE-D81E

**LIGHTWEIGHT AND DURABLE**

Ergonomically designed to conform to your ear shape, they fit perfectly and the soft fittings

are quite comfortable for all day use. RZE-D81E is made of high-quality plastic and the tangle free flat housing offers convenience and ease of use. They are very light in weight (only 16g) that again lets you wear them for long periods without any discomfort.

### STEREO SOUND

Toshiba RZE-D81E in-ear earphones offer excellent stereo sound. Inbuilt dynamic drivers deliver deep bass and balanced highs for an exciting listening experience. Even in crowded or noisy locations, the perfectly fitting in-ear design offers good sound isolation. You would not have to up your volume at these locations to enjoy your music.

### BUILT-IN MICROPHONE

The hands-free, built-in microphone lets you switch effortlessly between stereo music and phone calls. They are compatible with most devices and offer clear and sharp sound.

Toshiba RZE-D81E is available in four colors to match your various styles.
